

## GOVCON EXECUTIVE PRIVATE RISK

# GovCon Private Risk

## Private Risk Management for GovCon Principals, Officers, and Executives

GovCon executives and their families face unique exposures and require adequate limits of Personal Liability Protection. From your home, your assets, and business endeavors, to your engagements, we determine your needs based on your lifestyle. Once coverage is in place, your concierge advisor will stay by your side as your life evolves, providing risk mitigation counsel, serving as your claims advocate, and helping safeguard what matters to you now and in the future.

### WHAT SETS US APART

We act as the advocate for our clients and have access to many carriers, including premium carriers. Premier insurance carriers are designed for individuals who have outgrown the appetite of the standard carriers and provide the extra coverage and protection a GovCon executive needs.

## BENEFITS OF PREMIER CARRIERS VS. STANDARD CARRIERS

A more sophisticated claims service that understands that high value homes and vehicles require a more advanced approach to insurance.

Broader contract language with fewer exclusions on contracts and higher personal limits.

Higher limits of personal liability protection (Umbrella) in the event you or a family member is found at-fault in a catastrophic accident.

# WHILE GROWING YOUR NET WORTH, IT'S IMPORTANT TO PROTECT IT SIMULTANEOUSLY

## We offer protection for your:

- Auto
- Aircraft
